**Subject:** USPS' Heidi Game

NBC preempted an Oakland Raiders / NY Jets game years ago during a close contest for the network televised family classic, Heidi. The sports world has never quite forgiven NBC for this gaffe, reminding the football fans of the network's "gatekeeper" decision at the time.

Heidi French, Wells Fargo's Orange County based HR manager hired me and was responsible for my work assignments during my career at Wells Fargo. Several times I attempted to relocate back to the Bay Area or Los Angeles with Wells Fargo, due to the continuing family attacks and corporate hazings / assaults in Irvine. I was constantly denied a transfer, due to political and Norwest Financial / Wells Fargo merger consolidations, and the fact that Wells Fargo wanted all of my family's money and one of their selections as my "mate".

Apparently, the written request for my postal delivery hold at the Aliso Viejo / Laguna Niguel, California Post Office is once again creatively ignored. I have received three pieces of mail today after repeated requests for postal service hold, due to mail tampering.

My mail was delivered to my home for two weeks after my written request was presented to the Laguna Niguel Post Office after I discovered mail tampering with my State Of California checks. I time the check delivery through California's automated system that details the date the check was mailed to me.

For one week, my mail was held for pickup at the Aliso Viejo Postal Center (a carrier's processing facility and not a full service post office). After one week, my mail delivery was resumed without my permission, along with other family mail to 62 Trofello in Aliso Viejo, CA.

On Wednesday, January 2, 2002, I contacted a carrier supervisor at the AV Postal Center who found the California check and held it for my pickup later in the day. The supervisor confirmed my request for mail hold yesterday. Today, 01/03/02, I received three pieces of red / pink color coded mail ... the first, a pink envelope from Geico insurance services, the second, an unsolicited Seasons Greetings from an unknown Japanese company named Strawberry Corporation that went public in Japan in October 2001, and an unsolicited red / white colored promotion for Homes And Gardens Magazines courtesy of Spiegel Corporation.

Obviously someone is spending big bucks to pay off government workers and others during the big money struggles of the Microsoft Anti-Trust trial and related royalty issues I have detailed in previous memos. The

USPS can hold my mail just like anyone else! Several additional PAC comics yesterday and today detail the conspiracies.

The "Crankshaft" comic spins around a fictional Ohio family and a school bus driving "grandfather" character, Crankshaft, a parody on my father. In the late 1960s my father spearheaded a school bus program in suburban Illinois with major opposition from church/school members. Crankshaft yelled at his daughter for having a cold (she was sneezing in the comic) and running around in "socking" feet. The abuse of the English language is a feature of "Crankshaft". Today the blond haired kid was featured in a jazz band with Crankshaft and family in the audience. "Crankshaft", the grouchy one, complained about the "Tune"!

Knowing my father's agenda and drive to place me in another music performance role (which will never occur) these Ohio crazed authors drew a foreplanned comic thinking I would go back to NBC Burbank and the Tonight Show again this week after the New Year's Eve live show. Actually, after the intentional anthrax?/flu/viral/bacterial poisoning on New Year's Day (I could feel the immediate effects of the bio attack during my workout at the Sporting Club on Tuesday evening) I decided to "set up" the perpetrators once again, to flush out the game for the "kill".

Several times at Tonight Show tapings during December 2001 I was seated near the keyboard artist and jazz guitar bandleader, Kevin Eubanks. I enjoy any seat in NBC studio 3, and I am especially pleased to hear the music up close & personal. This band is first class!

I visited three Nike retail stores, two corporate owned showcases, and ran 5 miles with the Beverly Hills NikeTown Running Club on Thursday 01/03/02, finishing my workout at 24 Fitness Sporting Club Irvine. I am still about eight pounds of accumulated fat away from my previous dimensions.

This addition of weight was NOT, I repeat, NOT from overeating ... intentional family food poisoning / university hushed experiments / subversive governmental people using my tuned athletic body as a platform for their Nazi-like human experiments! Just when my weight returns to about 160#, the "ideal weight for me" and the weight I maintained for years in the Bay Area & San Diego, others spike my food with poisons that block digestion & normal waste passage, causing fat deposits. I have overheard and read several features that explain the invasive and totally non consenting experiments as protein / carcinoma related, as my father's and mother's family has a history of cancers.

My intentions are not to secure a performing musical opportunity at the Tonight Show or other venue at this time. As I have stated in a previous memo to the DOJ, I have attended the Tonight Show and others at NBC Burbank for professional, Los Angeles based public relations. I

wanted the Hollywood and Burbank media troops, everyday workers like myself, as well as Hollywood's "moguls" and my competitors to see me in person, not as the Family Ties "Alex" in the blue sportcoat, but as a human that was subjected to some of the most sadistic plots, who triumphed over adversity, government subversion, and millions of dollars of negative PR.

I have been pleased to have worked successfully with over four unique security forces in front and inside NBC Burbank, as well as many of the private and governmental security staff at the Crystal Cathedral, Chicago Stadium, and Qualcomm (Jack Murphy) Stadium in San Diego.

Folks, we have to have immediate closure on this long overdue royalty issue, it's really in the billions of dollars, and all of the other related issues from Family Ties, Stephen Spielberg's SKG team, Universal, McDonald's Corporation, Jack-In-The-Box, Nissan, Disney / Touchstone Pictures, IBM, Microsoft, and others.

The issue can be resolved real easily, and by authorities through government directed wire transfers and seizures of fraudulently acquired assets.

Transfer my CASH to me NOW! LET ME KNOW THAT I HAVE MY ASSETS AND THEIR LOCATIONS. I will decide how to invest these assets with the guidance of professional investment firms. I do not sponsor anyone's investment of my assets without my consent.

THIS IS MY MONEY!

Thank you for your consideration.

Robert Remington
